---

<b>Java Developer Intern</b> FocusR Consultancy and Technologies	March - May 2024 <i>Salem, Tamil Nadu.</i>
---	---

## PROJECTS

---

### Lush Horizon – Gardening E-commerce Platform

Developed a responsive gardening e-commerce website that allows users to browse and purchase plants, seeds, and gardening tools. The platform provides an intuitive shopping experience with an attractive UI/UX. ([Try it here](#))

### Weather Horizon – Live Weather Forecast Web App

Weather Horizon is a real-time weather forecasting web application that provides users with up-to-date weather information for any location. The app offers temperature, humidity, wind speed, and weather conditions with an intuitive and responsive UI.([Try it here](#))

### Azesavant – Business Website Development

Worked part-time on developing the Azesavant website, transforming a Figma prototype into a fully responsive and visually appealing website. Designed and implemented the frontend using HTML, CSS, and JavaScript, ensuring a smooth user experience and optimized performance.([Try it here](#))

## AWARDS AND HONORS

---

- **Dean’s List (2023)** Recognized for outstanding academic performance during my Bachelor’s degree program.
- **Best Project Award (2023)** Secured the top position for my project on Securing User Data in the Cloud using Elliptic Curve Cryptography during the final year of engineering.
- **Top Performer (2024)** Awarded for exceptional performance during my three-month Java development internship.
- **Social Media Growth Milestone (2024)** Grew my Instagram Account ([theinvisibleshadow](#)) to 4.5K+ followers by consistently sharing engaging and entertaining content.
